In the health documentary That Sugar Film, writer and director Damon Gameau enlists the help of Stephen Fry, Hugh Jackman and leading scientists around the world to shine a light on the terrible effects of sugar. In a Supersize Me-style experiment, he changes his diet to include 40 teaspoons of sugar a day for 60 days - the average daily sugar intake in Australia - and monitors the effect on his body. But here is the catch - he cannot eat chocolate, sweets, ice cream or cake; the sugar must come from 'healthy' foods. In this illustrated That Sugar Book, Damon explains how sugar damages our bodies and our minds, and how easy it is to consume sugar without even knowing it. Revealing the astonishing amounts of sugar hidden in supposedly healthy foods on supermarket shelves - such as low-fat yoghurt, muesli and children's fruit snacks - Damon makes us realise the damage we unknowingly do to ourselves and our families when we make poor food choices, and shows us how to make it right. With an up-close account of Damon's sugar experiment, and sugar-free recipes to help you wean off the white stuff, That Sugar Book is a startling wake-up call to those of us who have never questioned what's really in our food.

The thyroid is the new hot topic in health. Across age groups, from baby boomers and their parents to millennials and even children, more and more people —women especially —are hearing that their thyroids are to blame for their fatigue, weight gain, brain fog, memory issues, aches and pains, tingles and numbness, insomnia, hair loss, hot flashes, sensitivity to cold, constipation, bloating, anxiety, depression, heart palpitations, loss of libido, restless legs, and more. Everyone wants to know how to free themselves from the thyroid trap. As the thyroid has gotten more and more attention, though, these symptoms haven't gone away —people aren't healing. Labeling someone with "Hashimoto's," "hypothyroidism," or the like doesn't explain the myriad health issues that person may experience. That's because there's a pivotal truth that goes by unnoticed: A thyroid problem is not the ultimate reason for a person's illness. A problematic thyroid is yet one more symptom of something much larger than this one small gland in the neck. It's something much more pervasive in the body, something invasive, that's responsible for the laundry list of symptoms and conditions attributed to thyroid disease. In *Medical Medium Thyroid Healing*, Anthony William, the Medical Medium, reveals an entirely new take on the epidemic of thyroid illness. Empowering readers to become their own thyroid experts, he explains in detail what the source problem really is, including what's going on with inflammation, autoimmune disease, and dozens more symptoms and conditions, then offers a life-changing toolkit to rescue the thyroid and bring readers back to health and vitality. It's an approach unlike any other, and as his millions of fans and followers will tell you, it's the approach that gets

results.

His tools and protocols achieve spectacular results, even for those who have spent years and many thousands of dollars on all forms of medicine before turning to him. They are the answers to rising from the ashes. Medical Medium reveals the true causes of chronic symptoms, conditions, and diseases that medical communities continue to misunderstand or struggle to understand at all. It explores the solutions for dozens of the illnesses that plague us, including Lyme disease, fibromyalgia, adrenal fatigue, ME/CFS, hormonal imbalances, Hashimoto's disease, MS, RA, depression, neurological conditions, chronic inflammation, autoimmune disease, blood sugar imbalances, colitis and other digestive disorders, and more. This elevated and expanded edition also offers further immune support, brand-new recipes, and even more solutions for restoring the soul and spirit after illness or life events have torn at our emotional fabric. Draws on the methods of the popular Blueprint Cleanse program to outline an at-home juicing system designed to promote energy, digestive health, and weight loss, in a guide that also provides step-by-step instructions for shorter- and longer-term cleanseregimens.

Dr. Walker lays out his program on how to become younger which he partly defines as having all or most of the attributes of youth, health, energy, vitality and perpetual laughter on the lips and in the eyes. The key to accessing both more energy and more vitality lies in changing our eating, drinking, and living habits. Dr. Walker encourages people to develop a very definite philosophy he calls Right Thinking, which is maintaining a positive outlook and positive thoughts about themselves and others. Together with the other principles outlined in his program, he offers readers knowledge that gives them the courage to make the changes necessary. Readers are given a brief yet concise introduction to different parts of our anatomy and how these systems work for and against us, depending upon the food we consume. Dr. Walker recommends changing old eating habits to include natural, nourishing foods. The use of juicing, fasting, and eating natural, organic foods in their unprocessed forms, including mostly raw fruits and vegetables, play an important role in maintaining good health. Through his personal observations, experience, and knowledge, Dr. Walker provides the information needed to stay younger.

Quando Wednesday Martin e suo marito scoprono di aspettare un bambino, dal pittoresco Greenwich Village si trasferiscono nell'esclusiva Upper East Side di Manhattan. Dietro le immacolate facciate dei palazzi, oltre le lobby tirate a lucido e sorvegliate da impeccabili portieri in livrea, la Martin scopre la vera Park Avenue: l'ambiente più ostile e competitivo al mondo, governato da un sistema di regole, rituali, totem e tabù da fare invidia agli aborigeni australiani. Forte del suo background in antropologia, la Martin adotta un punto di vista "scientifico" per studiare la sua nuova tribù e, forse, trovare il mondo di esserne accettata. Dalla decostruzione delle pratiche igienico-estetiche tipiche delle signore locali (note anche come le Geishe di Manhattan), ai sordidi dettagli della inevitabile caccia alla borsa-feticcio di Hermès, il risultato è un ritratto esilarante e scomodo, feroce e illuminante della sottocultura più esclusiva, invidiata e vituperata del pianeta: quella dei Super Ricchi e delle loro ambiziose e ansiosissime consorti. «Divertente, acuto, deliziosamente crudele, Nella giungla di Park Avenue è un attacco frontale alla cultura della upper class» - The New York Times Book Review «Wednesday Martin ci ricorda che in fondo discendiamo tutti dalle scimmie» - Glamour Il libro che ha fatto imbestialire l'alta società newyorkese. Per settimane al primo posto nella classifica del New York Times. Presto un grande film prodotto dalla Metro-Goldwyn-Mayer. Scopri nella versione e-book a quale tribù di Manhattan appartieni!
