On seventeen occasions, award-winning novelist Maggie O'Farrell has stared death in the face—and lived to tell the tale. In this astonishing memoir, the New York Times bestselling author of *Hamnet* shares the near-death experiences that have punctuated and defined her life. The childhood illness that left her bedridden for a year, which she was not expected to survive. A teenage yearning to escape that nearly ended in disaster. An encounter with a disturbed man on a remote path. And, most terrifying of all, an ongoing, daily struggle to protect her daughter from a condition that leaves her unimaginably vulnerable to life's myriad dangers. Here, O'Farrell stitches together these discrete encounters to tell the story of her entire life. In taut prose that vibrates with electricity and restrained emotion, she captures the perils running just beneath the surface, and illuminates the preciousness, beauty, and mysteries of life itself.

Genuine art has the power to awaken and liberate. The renowned meditation master and artist Chögyam Trungpa called this type of art "dharma art"—any creative work that springs from an awakened state of mind, characterized by directness, unselfconsciousness, and nonaggression. Dharma art provides a vehicle to appreciate the nature of things as they are and express it without any struggle or desire to achieve. A work of dharma art brings out the goodness and dignity of the situation it reflects—dignity that comes from the artist's interest in the details of life and sense of appreciation for experience. Trungpa shows how the principles of dharma art extend to everyday life: any activity can provide an opportunity to relax and open our senses to the phenomenal world. An expanded edition of Trungpa's *Dharma Art* (1996), this book includes a new introduction and essay.

"In Berry's new book, *The Art of Loading Brush*, he is a frustrated advocate, speaking out against local wastefulness and distant idealism; he is a gentle friend, asserting, as he always has, the hope possible in caring for the world, and your specific place in it . . . *The Art of Loading Brush* is singular in Berry's corpus."—*The Paris Review* "Berry's essays, continuing arguments begun in *The Unsettling of America* 40 years ago, will be familiar to longtime readers, blending his farm work with his interests in literature old and new . . . Vintage Berry sure to please and instruct his many admirers."—*Kirkus Reviews* (starred review) "[Berry] has never written better." —*Booklist* (starred review) Wendell Berry's profound critique of American culture has entered its sixth decade, and in this gathering he reaches with deep devotion toward a long view of Agrarian philosophy. Mr. Berry believes that American cultural problems are nearly always aligned with their agricultural problems, and recent events have shone a terrible spotlight on the divides between our urban and rural citizens. Our communities are as endangered as our landscapes. There is, as Berry outlines, still much work to do, and our daily lives—in hope and affection—must triumph over despair. Mr. Berry moves deftly between the real and the imagined. *The Art of Loading Brush* is an energetic mix of essays and stories, including "The Thought of Limits in a Prodigal Age," which explores Agrarian ideals as they present themselves historically and as they might apply to our work today. "The Presence of Nature in the Natural World" is added here as the bookend of this developing New Agrarianism. Four stories extend the Port William story as it follows Andy Catlett throughout his life to this present moment. Andy works alongside his grandson in "The Art of Loading Brush," one of the most moving and tender stories of the entire Port William cycle. Filled with insights and new revelations from a mind

**THE REAL SHAKESPEARE** This book proves that Edward de Vere, the 17th Earl of Oxford, wrote the plays we know as “Shakespearean.” In the play “Hamlet,” in a very special coded way, he signed his name “Ver” hundreds of times. These clues in “Hamlet” provide the stamp of his authorship! All of the Shakespearean plays and sonnets reflect incidents in the life of Edward de Vere. The real events in his life involved violence, intrigue and love—and some of them were shocking! In a web of conjecture those incidents have been tied together in a novel about de Vere. This novel is one of the main parts of this book. The other two parts are the proof!

Just how tough are the country's most prestigious law schools? Most alumni would answer with stories of humiliating "Socratic dialogue failures" in the classroom and all-night, caffeine-fueled cram sessions. Until now, the traditional concept of the law-school experience was the one presented in Scott Turow's *One-L*, published in 1977, a dark description of his first year at Harvard Law School. Twenty-four years later things have definitely changed. Turow's book became the accepted primer--and warning--for aspiring law students, giving them a glimpse of what awaited: grueling nonstop study, brutally competitive classes, endless research, and unfathomable terminology. It described a draconian prison and endless work in the company of equally obsessive, desperate fellow students. Yet, sidestepping terror and intimidation, law students (and new authors) Robert Byrnes and Jaime Marquart entered highly prestigious law schools, did things their own way, earned law degrees, and were hired by a Los Angeles law firm, turning Turow's vision upside down. In their parallel narratives--two twisted, hilarious, blighted, and glorious coming-of-age stories--Byrnes and Marquart explain how they managed to graduate while spending most of their time in the pursuit of pleasure. Byrnes went to Stanford to reinvent himself--after a false start in politics he wanted to explore the life of the mind. It took him virtually no time to discover that the law was neither particularly intriguing nor particularly challenging. He could play around the clock. When Byrnes wasn't biking he was getting drunk and smoking crack. Finding himself

when he discovered the right woman, Byrnes finally moved to Los Angeles during his third year and flew upstate only to take final exams. Born and raised in a small town in Texas, Marquart had never lived outside the state before arriving at Harvard. Amazed at his own good luck, he approached school with all due diligence. Disenchantment followed shortly thereafter, and Marquart learned he needn't be intimidated by his classmates and teachers. With a mysterious and bizarre companion--another student called the Kankos--Jaime took up traveling but devoted most of his energy (and considerable money) to gambling, counting cards in casinos around the country. Irreverent, funny, and downright shocking, *Brush with the Law* will inspire undergraduates to bone up for the entrance exam, while outraging lawyers and the admissions officers of their beloved alma maters. Upon realizing how easy it was to get good grades, Jaime relates: "I approached my second year with [one] goal . . . take classes that required the least amount of work and the least amount of attendance . . . To accomplish my . . . goal, I devised *The System*, a short instruction manual on the principles behind selecting and ditching law school classes. The System's goal was to screw off as much as possible, with few if any consequences." --from *Brush with the Law*

A quiet lakeside town in western New York state is the new home of Manhattan artist Chloe Abbington and the backdrop for murder in this series debut by Bailee Abbott. For Chloe Abbington, the transition from fine art painter in New York City to painting-event business owner in charming Whisper Cove is more than a little jarring. But when poison-pen journalist Fiona Gimble writes a viciously negative review of the newly opened *Paint with a View*, Chloe learns that critics are the same everywhere. And when she finds Fiona's body behind her shop with a painting knife in her neck, Chloe realizes that this picture-perfect town offers anything but peace and quiet. Suddenly, bustling Artisan Alley is a crime scene, and Chloe is the prime suspect. Her sister and business partner, Izzie, isn't much help--she's busy running the shop, and besides, she has secrets of her own. As shrewd Detective Barrett tries to paint her into a corner, Chloe soon finds that Fiona had plenty of enemies. The *Whisper Cove Gazette* columnist wielded her pen like a sword, slicing and dicing just about every shop owner in the lakeside town. With the help of her affectionate canine buddy, Max, Chloe sets out to prove that she's been framed for Fiona's murder. But she'd better learn the fine art of detection quickly, before the real killer paints the town red again. Otherwise, she may end up trading in her paint smock for an orange jumpsuit...or a green burial plot.

the Hollywood scene. While waiting on the obnoxious actor assigned to me to finish a phone call, it suddenly happened. I saw him standing in the doorway- Evan Hutchinson. Never mind I'd already fallen into his lap when someone knocked into me earlier. We'd gotten past that little embarrassment. But why did the movie's famous British heartthrob request me for touch-ups? Either way, I did them, of course. Who wouldn't jump at the chance to touch his face-but with a makeup brush? What I didn't expect was for him to talk to me-to borderline flirt with me. Once I was home and talking on the phone with my long-distance boyfriend about nothing important, the call came. Evan Hutchinson requested me to finish the movie as his personal makeup artist. After nearly dropping the phone from shock, I'd accepted. It's now Wednesday night, and the other actors have left. For some reason, Evan asked me to stay. We were alone in his apartment, seated on his couch. Somehow, we ended up discussing what it's like to do a movie kiss with someone you aren't romantically involved with. Before finally leaving for home, I lowered my car window to say good night. Then the craziest thing happened-Evan offered to show me what a kiss is like. And he suggested I let him know if I'd ever like him to practice with me. Now I don't know what to do because I can't stop thinking about Evan Hutchinson kissing me...\*\*\* This is a contemporary romance/new adult stand-alone novel. No cliffhanger. Why painting today? In the digital age, with its powers of instant recall and infinite reproduction, why are we witnessing an unprecedented revival of figurative painting? A Brush with the Real

presents a survey of key contemporary artists who have each embraced painting and are working within a realist tradition. Through individual interviews the book peers into the life and work of each of these artists, discussing their methods, motives, and sources, from art history to the internet and the language of film. The book celebrates the work of 51 artists who are each taking the medium in a new direction: from those who work with appropriation and found images, to those trying to get as close as possible to contemporary reality and first-hand experience, to artists who are simply using painting as a door to parallel or imaginary worlds. The book makes the argument that, since perhaps the early Renaissance, the role fulfilled by painting has never been so vital or timely: in our image-saturated culture, digital technology has given painting and its slow, full-resolution images a new lease of life.
