This series takes a fresh approach to the mastery of grade-specific skills. Each book uses a wide range of activities to spark students interest in learning. As students complete the activities, they develop the skills they need to meet academic standards in reading, writing, math, social studies, and science. Because the ability levels of students in any one grade level vary, each book spans a broad range of skills. Both teachers and parents can use the books to introduce new concepts, to assess learning and skill development, and to reinforce familiar knowledge. The versatile activities can be used for individual practice, test preparation, or homework assignments. Complete answer keys are provided.

So – first things first – let’s address the sensational statement on this book’s front cover... ‘World Game-Changers Sharing Their Inspirational Stories Of Transformation’ A big claim on the surface of it, but one that is absolutely true! It’s a question of awareness, and embracing who we truly are Isn’t it also true that each and every one of us has the capacity to change lives – starting with our own – if we so choose? It's a question of Mastering the Game of Life and making a difference in our own totally unique way – bringing love and hope to the world...

A fun, comprehensive way to get up to speed on Spanish With over 325 million speakers, Spanish is in a virtual dead heat with English as the second most popular spoken language. Whether your students are learning in a brick-and-mortar school or a homeschool or online, you teachers and parents know how important logic is -- but that doesn't make the technical aspects of the subject any easier (in fact the fundamental nature of the subject makes it even more intimidating ). We've painstakingly designed Intermediate Logic with that tension in mind: you'll get the benefit of James B. Nance's twenty years of teaching experience, so mastering logic will be as painless (and rewarding ) as possible for any student. Anybody can learn from Intermediate Logic. The whole series takes advantage of a brand new, clean, easy-to-read layout, lots of margin notes for key points and further study, a step-by-step modern method, and exercises for every lesson (plus review questions and exercises for every unit). More importantly, anybody can teach Intermediate Logic. Here are the features that make the Teacher Edition for Intermediate Logic the obvious choice for educators.
