This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the

Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

This volume contains the complete works (poetry and fiction) of Khalil Gibran. Khalil Gibran was a Lebanese-American writer, poet and visual artist, also considered a philosopher although he himself rejected this title in his lifetime. He is best known as the author of *The Prophet*, which was first published in the United States in 1923 and is one of the best-selling books of all time, having been translated into more than 100 languages. As worded by Suheil Bushrui and Joe Jenkins, Gibran's life has been described as one "often caught between Nietzschean rebellion, Blakean pantheism and Sufi mysticism." Gibran discussed "such themes as religion, justice, free will, science, love, happiness, the soul, the body, and death" in his writings, which were "characterized by innovation breaking with forms of the past, by symbolism, an undying love for his native land, and a sentimental, melancholic yet often oratorical style." He explored literary forms as diverse as "poetry, parables, fragments of conversation, short stories, fables, political essays, letters, and aphorisms." Salma Khadra Jayyusi has called him "the single most important influence on Arabic poetry and literature during the first half of [the twentieth] century", and he is still celebrated as a literary hero in Lebanon.
