Recommended for primary and middle school students, Universal Science is a series of eight books that adheres to the National Curriculum Framework (2005). The books have been designed in accordance with the latest guidelines laid down by the National Council of Educational Research and Training. The series is based on extensive feedback received from teachers and education consultants experienced in teaching and interacting with students in this age group. All the books present concepts and provide exercises with the view to nurturing scientific temperament in young learners. The well-structured chapters, interspersed with interesting information and questions make learning almost effortless. Together with the activities that instill the spirit of experimentation, the detailed coverage of topics and the variety of exercises lend the textbooks the right balance between the theoretical and practical aspects of Science.

English Grammar book

While some try to get out of prison, Soapy, the only character in O. Henry's short story, tries to get into it. Soapy is a homeless guy who prefers the warm cell to the cold night under the New York sky. He does everything he can think of in order to draw the attention of the police. However without any success. Until he hears a magical organ anthem. How will this story develop? Will Soapy manage to get into jail or he will find another way to sort out his life? "The Cop and the Anthem" is a comical short story with a touch of irony which emphatically presents the lower class and the obstacles man has to face. William Sidney Porter (1862-1919), known simply as O. Henry, was a prolific American author of humorous literary pieces. His fame came exceptionally quickly and he became a bestselling author of short story collections, among the most famous being "Cabbages and Kings", "The Voice of the City", and "Strictly Business." As a result of the outstanding literature legacy that O. Henry left behind, there is an American annual award after his name, given to exceptional short stories.
