"Da Mompracem alla Tortuga, dai bassifondi di Damasco ai templi nascosti nell'India profonda. Emilio Salgari ci ha condotti ovunque. E il viaggio salgariano non è affatto concluso. I coraggiosi lo sanno intraprendere ancora. Alcuni di essi sono qui, sulla tolda." Valerio Evangelisti

"Ha forse subito l'influenza di Aliénore, che non si mostra mai in pubblico se non impeccabile, fiera ed eretta nella persona, e quando un dolore la affligge, del corpo come dell'animo, lo cela dietro il radioso sorriso? Strano, il suo rapporto con Aliénore. L'ha temuta, criticata con asprezza, osteggiata. Nessuna donna al mondo l'ha irritato e sconcertato più di lei. Eppure, nessuna ha ammirato di più."

Gain the basic skills you'd need to live through a cataclysmic event—one humbling and angst-filled lesson at a time We're inundated daily with images of chaos and catastrophe from movies, books, and the nightly news. When Sam Sheridan became a father, these tales of disaster became impossible to ignore, and he was beset with nightmares about being unable to protect his son. He soon realized, however, that each possible doomsday scenario required a different skillset, and in order to really survive the apocalypse, he'd have to learn everything, from starting a fire to stealing a car, learning to fight with a knife, and even building an igloo. With just the right mix of seriousness, paranoia, and self-deprecation, *The Disaster Diaries* is irresistible armchair adventure reading that informs as much as it entertains.

Eleven-year-old twins Jason and Julia, along with their friend Rick, search eighteenth-century Venice for Peter Dedalus, the elusive inventor who created Kilmore Cove's Mirror House.

Retraces the history of postmodern philosophy and

proposes solutions to overcome its impasses. Philosophical realism has taken a number of different forms, each applied to different topics and set against different forms of idealism and subjectivism. Maurizio Ferraris's *Manifesto of New Realism* takes aim at postmodernism and hermeneutics, arguing against their emphasis on reality as constructed and interpreted. While acknowledging the value of these criticisms of traditional, dogmatic realism, Ferraris insists that the insights of postmodernism have reached a dead end. Calling for the discipline to turn its focus back to truth and the external world, Ferraris's manifesto—which sparked lively debate in Italy and beyond—offers a wiser realism with social and political relevance. “In the new atmosphere of Anglophone continental thought, realism is not just a viable option but is arguably home to the most promising innovations of our time. Ferraris will serve as a welcome new influence.” — from the Foreword by Graham Harman

Sam si laurea brillantemente a Harvard, per poi mettersi in testa di diventare lottatore. Pronto a qualsiasi sacrificio pur di percorrere questa via: passerà anni in giro per il mondo, nelle palestre, sotto e sopra i ring, scrivendo nelle pause fra un combattimento e l'altro mentre si cura le fratture, i lividi, le sopracciglia spaccate. Dai maestri di tai chi di Manhattan alla boxe, dalla Thailandia del muay

thai agli insegnamenti carioca del Brasile, la memoir di Sam è anche un percorso esistenziale che individua nel coraggio, nella lealtà, nell'esperienza estrema della lotta una dura palestra di vita.

The #1 New York Times bestselling first-person account of the planning and execution of the Bin Laden raid from a Navy SEAL who confronted the terrorist mastermind and witnessed his final moments. From the streets of Iraq to the rescue of Captain Richard Phillips in the Indian Ocean, and from the mountaintops of Afghanistan to the third floor of Osama Bin Laden's compound, operator Mark Owen of the U.S. Naval Special Warfare Development Group—known as SEAL Team Six—has been a part of some of the most memorable special operations in history, as well as countless missions that never made headlines. *No Easy Day* puts readers alongside Owen and his fellow SEAL team members as they train for the biggest mission of their lives. The blow-by-blow narrative of the assault, beginning with the helicopter crash that could have ended Owen's life straight through to the radio call confirming Bin Laden's death, is an essential piece of modern history. In *No Easy Day*, Owen also takes readers into the War on Terror and details the formation of the most elite units in the military. Owen's story draws on his youth in Alaska and describes the SEALs' quest to challenge themselves at the highest levels of physical and mental endurance. With boots-on-the-ground detail, Owen describes several missions that illustrate the life and work of a SEAL and the evolution of the team after the events of September 11. In telling the true story of the

SEALs whose talents, skills, experiences, and exceptional sacrifices led to one of the greatest victories in the War on Terror, Mark Owen honors the men who risk everything for our country, and he leaves readers with a deep understanding of the warriors who keep America safe.

A classic must-have for all readers and writers of science fiction!Damon Knight effectively invented science fiction criticism. From the acclaimed author of *A Fighter's Heart* comes an "entertaining and enlightening" look inside the mental game of mixed martial arts fighting (Dave Doyle, Yahoo! Sports). In his acclaimed national bestseller, *A Fighter's Heart*, Sam Sheridan took readers with him into the dangerous world of professional fighting. From a muay Thai bout in Bangkok to Iowa, where he fought the toughest mixed martial arts stars, Sheridan threw himself into a quest to understand how and why we fight. In *The Fighter's Mind*, Sheridan explores the mental discipline required of an elite fighter. In his training, Sheridan heard time and again (in Yogi Berra fashion) that "fighting is ninety percent mental, half the time." But what does this mean, exactly? To uncover the secrets of mental strength and success, Sheridan interviewed dozens of the world's most fascinating and dangerous men. He spoke with celebrated trainers Freddie Roach and Greg Jackson; champion fighters Randy Couture, Frank Shamrock, and Marcelo Garcia; ultrarunner David Horton; chess prodigy (and the inspiration for *Searching for Bobby Fischer*) turned tai chi expert Josh Waitzkin; and the legendary wrestler Dan Gable, among others. "Fantastic . . . One of the best MMA books I've ever read, and I've certainly read my fair share." —Eric O'Brien, "Way of the Warrior," ESPN radio "You don't have to care about fighting, or even know that MMA stands for mixed martial arts, to find insights into human behavior in Sam Sheridan's *The Fighter's Mind*."

National Book Award Nominee: "Somehow both genuinely scary and genuinely funny, sometimes on the

same page—a wickedly entertaining ride.”—Publishers Weekly (starred review) One of Publishers Weekly’s Best Books of the Year On the outskirts of Buenos Aires in 1907, a doctor becomes involved in a misguided experiment that investigates the threshold between life and death. One hundred years later, a celebrated artist goes to extremes in search of aesthetic transformation, turning himself into an art object. How far are we willing to go, this novel asks, in pursuit of transcendence? The world of *Comemadre* is full of vulgarity, excess, and discomfort: strange ants that form almost perfect circles, missing body parts, obsessive love affairs, and man-eating plants. Darkly funny, smart, and engrossing, here the monstrous is not alien, but the consequence of our relentless pursuit of collective and personal progress. “Outrageous...insanely funny.”—BOMB “In this dark, dense, surprisingly short debut novel by the Argentinian author, we’re confronted with enough grotesqueries to fill a couple Terry Gilliam films and, more importantly, with the idea that the only real monsters are those that are formed out of our own ambition.” —The Millions As soon as The Beatles became famous, the spin machine began to construct a myth--one that has continued to this day. But the truth is much more interesting, much more exciting, and much more moving. In this bestselling book, Bob Spitz has written the biography for which Beatles fans have long waited. 32 pages of b/w photos.

The illustrator of Eve Bunting’s *Tweak Tweak* and *Have You Seen My New Blue Socks?* makes his Clarion debut as author/illustrator with a tender book about loneliness

and friendship. Leo, a mailman, takes in a small bird, Cheep, who missed the autumn migration of his flock. When spring comes and Cheep moves on, Leo is sad to see him go, but he also has hope, and the letter he has been longing for finally arrives. Sergio Ruzzier's signature, slightly surreal animal characters and the setting, rendered in brilliant colors, make this simple, eloquent story a visual treat for the very young.
