

Defining Decade Why Your Twenties Matter

A bitingly funny field guide to modern love from the woman who's dated them all. Through highly relatable anecdotes from a decade of dating, *Twenty Guys You Date in Your Twenties* dives into the joys, frustrations, and hilarity of swiping right on relationships. After a world-shattering breakup in her early twenties, comedian Gabi Conti logged thousands of hours on dating apps, conducting research and gathering intel on our behalf. Real and relatable, this dating guide is laugh-out-loud funny without being prescriptive or cynical.

- Each chapter focuses on a different type of guy and offers advice on how to deal, from *The Guy Who's Great on Paper* to *The Guy Who Texts "sup" at 2 a.m.*
- Includes charts, quizzes, and "Boy Bingo"
- Captures the frustrations, heartache, and hilarity of Tinder, Bumble, Hinge, OkCupid, and all other online dating apps

For the modern, app-using woman, this hilarious dating guide profiles 20 stereotypical men, from their physical appearance and dating style to red flags, tips, and success stories. Filled with charts and quizzes, hysterical anecdotes, and helpful insight from therapists and dating coaches, these pages offer advice and humor in equal measure.

- Offers sincere advice to cope with dating app horror stories
- Great for fans of *How to Date Men When You Hate Men* by Blythe Roberson, *Bye Felipe: Disses, Dick Pics, and Other Delights of Modern Dating* by Alexandra Tweten and *HEY, U UP? (For a Serious Relationship)* by Emily Axford and Brian Murphy

Master your money—and then get on with your life.

Buddhism has a lot to say about suffering—and there are likely few times we suffer more intensely than when we break up with a romantic partner. It feels like you may never recover sometimes. But Lodro Rinzler has wonderfully good news for those suffering heartbreak: the 2,500-year-old teachings of the Buddha are the ultimate antidote for emotional pain. And you don't need to be a Buddhist for them to apply to you. In this short and compact first-aid kit for a broken heart, he walks you through the cause and cure of suffering, with much practical advice for self-care as you work to survive a breakup. The wisdom he presents applies to any kind of emotional suffering.

Adulting got you down? Whether you just polished off your college graduation cake, are in your twenties or thirties struggling through a quarter-life crisis, you're simply trying to figure out how to become all grown up, or you're a parent looking for that perfect college graduation gift or Christmas gift for your twentysomething, *101 Questions You Need to Ask in Your Twenties* is

the book for you. To find important life answers in your 20s, you need to start with good questions. Author, speaker, and blogger Paul Angone has dedicated the last 12 years to helping twentysomethings and in this book he culminates his work to give readers wisdom through major life questions like: What's the best way to know if you're actually ready to get married? Where's the future of work headed and what does having a successful career look like today? How do I make a choice when I don't know what to choose? How do I stop networking and start "relationshiping"? Why do some people have great marriages while others have complete wrecks before they even make it to the highway? Am I seeing the other side of people's Instagram photos (you know, the side they're not exactly posting pictures of)? What are the Pivotal Plot Points of my story? Do I have anyone on my "Dream Team"? After his success with 101 Secrets for your Twenties and connecting with millions of twentysomethings around the world through speaking engagements and his blog AllGroanUp.com, Paul Angone captures the hilarious, freakishly-accurate assessment of life as a modern-day twentysomething (and thirtysomething) facing real Millennial problems, but now he's digging even deeper. If you're drowning your anxieties in Netflix and ice cream, are afraid you're failing, going crazy, or both, or are just longing for a little guidance to get past "just getting by," grab this book and start thriving in the most "defining decade" of your life.

PARENTING NEVER ENDS. From the founders of the #1 site for parents of teens and young adults comes an essential guide for building strong relationships with your teens and preparing them to successfully launch into adulthood The high school and college years: an extended roller coaster of academics, friends, first loves, first break-ups, driver's ed, jobs, and everything in between. Kids are constantly changing and how we parent them must change, too. But how do we stay close as a family as our lives move apart? Enter the co-founders of Grown and Flown, Lisa Heffernan and Mary Dell Harrington. In the midst of guiding their own kids through this transition, they launched what has become the largest website and online community for parents of fifteen to twenty-five year olds. Now they've compiled new takeaways and fresh insights from all that they've learned into this handy, must-have guide. Grown and Flown is a one-stop resource for parenting teenagers, leading up to—and through—high school and those first years of independence. It covers everything from the monumental (how to let your kids go) to the mundane (how to shop for a dorm room). Organized by topic—such as academics, anxiety and mental health, college life—it features a combination of stories, advice from professionals, and practical sidebars. Consider this your parenting lifeline: an easy-to-use manual that offers support and perspective. Grown and Flown is required reading for anyone looking to raise an adult with whom you have an enduring, profound connection.

Your twenties are your defining decade, the time in which you are setting the course for the rest of your life it. You don't want to look back later and realize you ended up somewhere you never intended to go in the first place. How do you block out all the lies, half-truths, and "supposed-to's" constantly assaulting you from articles, social media posts, and well-meaning friends and family? How do you find something real, something true, something infused with purpose and meaning? Funny, vulnerable, and to the point, this book exposes the false beliefs that can derail your current happiness and future impact, like - having big dreams is naïve - success just happens - everyone else is experiencing the success you were supposed to - when you fail you're a failure - and many more This story-driven book shows you that you're not alone in your insecurities and second-guessing, then shows you how to replace the lies with the truth--that you can live a life of purpose, earn a good paycheck, leave a legacy, and have fun doing it.

Counsel parents of teens on how to overcome anxiety and dependence in older children by drawing on a Jewish system of character refinement that focuses on developing a young person's sound judgment.

An easy-to-follow, nine-step process for how to land your dream job and cut through the noise of job-searching in the 21st century. Banging your head against the wall about the job search? Wondering why nobody's even bothering to send you a rejection letter (much less an interview request)? You are not alone. This process is a beast, but there's good news: #EntryLevelBoss is the book for you. This is an easy-to-follow roadmap for transforming yourself from frustrated job seeker into hired, happy, productive human. One part behind-the-scenes memoir, one part playbook, #EntryLevelBoss lays out career coach Alexa Shoen's proven 9-step methodology for approaching the job search during these crazy times we're living through. Think of it like a fitness plan—except instead of killer abs, you wind up with multiple interviews for a bunch of jobs you actually want. Cool, right? This is not another manifesto about finding your passion. (I mean, yes, let's find your passion, sure, but the rent is also due and I would assume you're interested in getting paid.) This is a real plan that's based on the real rules of the game. You'll learn how to effectively identify your future hiring manager, for example, and slide into their DMs in the least creepy way possible. Alexa Shoen is the internet's leading confidant for panicking job seekers. She has guided thousands of people into full-time employment using these exact steps. Even if you're convinced you're the least hireable person on the planet, Alexa's got you covered.

MY LITTLE RED BOOK is an anthology of stories about first periods, collected from women of all ages from around the world. The accounts range from light-hearted (the editor got hers while water skiing in a yellow bathing suit) to heart-stopping (a first period discovered just as one girl was about to be strip-searched by the Nazis). The contributors include well-known women writers (Meg Cabot, Erica Jong, Gloria Steinem, Cecily von Ziegesar), alongside today's teens. And while the authors differ in race, faith, or cultural background, their stories share a common bond: they are all accessible, deeply honest, and highly informative.

Whatever a girl experiences or expects, she'll find stories that speak to her thoughts and feelings. Ultimately, MY LITTLE RED BOOK is more than a collection of stories. It is a call for a change in attitude, for a new way of seeing periods. In a time when the taboo around menstruation seems to be one of the few left standing, it makes a difficult subject easier to talk about, and helps girls feel proud instead of embarrassed or ashamed. By revealing what it feels like to undergo this experience first hand, and giving women the chance to explain their feelings in their own words, it aims to provide support, entertainment, and a starting point for discussion for mothers and daughters everywhere. It is a book every girl should have. Period. Everyone has that moment—the realization that adulthood has arrived, like a runaway train, and there's no getting out of its way. From the hit Tumblr blog of the same name, F*ck! I'm in My Twenties perfectly captures the new generation currently testing the waters of post-college reality. Quick-witted and self-deprecating, the author pens irreverent missives, DIY diagrams, illustrations, and tongue-in-cheek checklists that chronicle her experience as a twenty-something living in the big city. Including the best of her beloved blog, plus over 50% new material, this is a perfect humor impulse buy for anyone who has a love-hate relationship with their twenties.

No one knows who may be the next threat in this “action-packed” thriller by the New York Times-bestselling author of National Security (Publishers Weekly). From coast to coast, our nation is witnessing a new wave of terror. Suicide bombers incite blind panic and paralyzing fear. A flight attendant tries to crash an airliner. A police officer opens fire on fans in a stadium. And at CIA headquarters, a Deputy Director goes on a murderous rampage. The perpetrators appear to be American—but they are covert agents in a vast network of terror, selected and trained for one purpose only: the complete annihilation of America. Special Agent Jericho Quinn has seen the warning signs. As a classified “instrument” of the CIA reporting directly to the president, Quinn knows that these random acts of violence pose a clear and present danger. But Quinn may not be able to stop it. The search for terrorists has escalated into an all-

out witch hunt. And somehow, Quinn's name is on the list... "Quinn is most definitely one of the best characters in the thriller realm."—Suspense Magazine

In this follow-up to the international phenomenon *The Courage to Be Disliked*, discover how to reconnect with your true self, experience true happiness, and live the life you want. What if one simple choice could unlock your destiny? Already a major Japanese bestseller, this eye-opening and accessible follow-up to the "compelling" (Marc Andreessen) international phenomenon *The Courage to Be Disliked* shares the powerful teachings of Alfred Adler, one of the giants of 19th-century psychology, through another illuminating dialogue between the philosopher and the young man. Three years after their first conversation, the young man finds himself disillusioned and disappointed, convinced Adler's teachings only work in theory, not in practice. But through further discussions between the philosopher and the young man, they deepen their own understandings of Adler's powerful teachings, and learn the tools needed to apply Adler's teachings to the chaos of everyday life. To be read on its own or as a companion to the bestselling first book, *The Courage to Be Happy* reveals a bold new way of thinking and living, empowering you to let go of the shackles of past trauma and the expectations of others, and to use this freedom to create the life you truly desire. Plainspoken yet profoundly moving, reading *The Courage to Be Happy* will light a torch with the power to illuminate your life and brighten the world as we know it. Discover the courage to choose happiness.

Esteemed psychologist Daphne de Marneffe examines women's desire to care for children in an updated reissue of her "fascinating analysis that's a welcome addition to the dialogues about motherhood" (Publishers Weekly). If a century ago it was women's sexual desires that were unspeakable, today it is the female desire to mother that has become taboo. One hundred years of Freud and feminism have liberated women to acknowledge and explore their sexual selves, as well as their public and personal ambitions. What has remained inhibited is women's thinking about motherhood. *Maternal Desire* is the first book to treat women's desire to mother as a legitimate focus of intellectual inquiry and personal exploration. Shedding new light on old debates, Daphne de Marneffe provides an emotional road map for mothers who work and mothers who are at home. De Marneffe both explores the enjoyment and anxieties of motherhood and offers mothers in all situations valuable ways to think through their self-doubts and connect to their capacity for pleasure. Drawing on a rich tradition of writers, such as Simone de Beauvoir, Adrienne Rich, Carol Gilligan, and Susan Faludi, as well as her experience as a psychologist and mother of three, de Marneffe illuminates how we express our desire to care for children. By treating maternal desire as a central feature of women's identity—rather than as an inconvenient or slightly embarrassing detail—we can look with fresh insight at controversial issues, such as childcare, fertility, abortion, and the role of fathers. An "absorbing look at the enormous personal pleasure that women derive from mothering...*Maternal Desire* is a stirring book that celebrates women's love for their children and mothering while also supporting their interest in careers and other pursuits" (Booklist).

The midtwenties through the midthirties can be a time of difficult transition: the security blankets of college and parents are gone, and it's suddenly time to make far-reaching decisions about career, investments, and adult identity. When author Christine Hassler experienced what she calls the "twenties triangle", she found that she was not alone. In fact, an entire generation of young women is questioning their choices, unsure if what they've been striving for is what they really want. They're eager to set a new course for their lives, even if that means giving up what they have. Hassler herself left a fast-moving career that wasn't right for her and instead took the risk of starting her own business. Now, based on her own experience and interviews with hundreds of women, she shares heartfelt stories on issues from career to parents to boyfriends to babies. Yet she also provides practical exercises to enable today's woman to chart a new direction for her life.

This wonderfully written and well-researched book adds an important facet to our evolving

understanding of the sixties. firmly and passionately planting the Jewish "third solitude" experience of the period within its Canadian and international contexts. Troper shows how the Canadian Jewish identity was jolted not only by the activism and not-so-quiet revolutions of the sixties in North America, but also by the dramatic politics of Israel and the Middle East, especially the 1967 Six Day war. Essential Reading for anyone who wants to truly understand the full sixties experience in Canada. Dimitry Anastakis, Department of History, Trent University, and editor, *The Sixties: Passion, Politics, and Style* Harold Troper has written the definitive book about what he calls the Defining Decade. This insightful, well-written, lively work not only tells the story of Canadian Jewry during the 1960s, but it illuminates important changes that were occurring throughout Canadian society and among Canadian Jewry's prominent next-door neighbour, the American Jewish Community. Gil Troy, Professor of History, McGill University Canadian Jewry during the 1960s underwent major transformations as the community grew in size, diversified, and asserted itself in new ways. A nuanced portrait of one ethnic community's evolving self-perception. *The Defining Decade* tells this compelling story with energy, clarity, and purpose.' Our twenties are a seemingly simple, yet daunting decade. It's a time that tends to be surprising, unsettling, freeing, yet so much fun. *Twenty something* begins by sharing the story of its end, as the author, Cimber Cummings, contemplates her inevitable and upcoming thirtieth birthday. As she reminisces on the past ten years, she remembers all that God has taught and revealed and changed in her since then. She thinks back to how beautiful and tragic, equally hopeful, and yet impossible those years were. And so to celebrate all that God has done, Cimber shares with her readers the journey of her twenties as short stories written by a friend. Whether through relationships failed, promotions given, or moves made across the country, she shares the gems of wisdom and truth God instilled in her through seasons of disappointment and delight. She knows she hasn't gleaned a lifetime's worth of knowledge about anything yet, but she learned some things about a few things that when added together, made up the deeply meaningful decade she came to love. As she journeys back and tries to make you laugh, she also doesn't apologize if she makes you cry a little too. Because we all need the realization that when navigating life as a twenty-something, we're not alone, or crazy, or at least not both at the same time.

How do you create your own definition of success—and reach your unique potential? Building a fulfilling life and career can be a daunting challenge. It takes courage and hard work. Too often, we charge down a path leading to "success" as defined by those around us—and ultimately, are left feeling dissatisfied. Each of us is unique and brings distinctive skills and qualities to any situation. So why is it that most of us fail to spend sufficient time learning to understand ourselves and creating our own definition of success? The truth is, it can seem so natural and so much easier to just do what everyone else is doing—for now—leaving it for later to develop our best selves and figure out our own unique path. Is there a road map that will enable you to defy conventional wisdom, resist peer pressure, and carve out a path that fits your unique skills and passions? Robert Steven Kaplan, leadership expert and author of the highly successful book *What to Ask the Person in the Mirror*, regularly advises executives and students on how to tackle these questions. In this indispensable new book, Kaplan shares a specific and actionable approach to defining your own success and reaching your potential. Drawing on his years of experience, Kaplan proposes an integrated plan for identifying and achieving your goals. He outlines specific steps and exercises to help you understand yourself more deeply, take control of your career, and build your

capabilities in a way that fits your passions and aspirations. Are you doing what you're really meant to do? If you're ready to face this question, this book can help you change your life.

A "must-read" (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, "Why has everyone found love except me?" You're not the only one. Great relationships don't just appear in our lives—they're the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn't lead to results. You have to actually change your behavior. Ury shows you how. This "simple-to-use guide" (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You'll learn: -What's holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn't) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why "the spark" is a myth (but you'll find love anyway) This "data-driven" (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams. The perfect graduation gift: the iconic #1 best seller, expanded and updated exclusively for graduates entering the workforce. This extraordinary edition of *Lean In*, by Sheryl Sandberg, chief operating officer of Facebook and coauthor of *Option B*, with Adam Grant, includes a letter to graduates from Sandberg and six additional chapters from experts offering advice on finding and getting the most out of a first job; résumé writing; best interviewing practices; negotiating your salary; listening to your inner voice; owning who you are; and leaning in for millennial men. In 2013, Sheryl Sandberg's *Lean In* became a massive cultural phenomenon and its title became an instant catchphrase for empowering women. The book soared to the top of best-seller lists both nationally and internationally, igniting global conversations about women and ambition. This enhanced edition provides the entire text of the original book updated with more recent statistics and features a passionate letter from Sandberg encouraging graduates to find and commit to work they love. A combination of inspiration and practical advice, this new edition will speak directly to graduates and, like the original, change lives. **New Material for the Graduates Edition:** · A Letter to Graduates from Sheryl Sandberg · Find Your First Job, by Mindy Levy (Levy has more than twenty years of experience in all phases of organizational management and holds degrees from Wharton and Penn) · Negotiate Your Salary, by Kim Keating (Keating is the founder and managing director of Keating Advisors) · Man Up: Millennial Men and Equality, by Kunal Modi (Modi is a consultant at McKinsey & Company and a recent graduate of the Harvard Kennedy School and Harvard Business School) · Let's Lean In Together, by Rachel Thomas (Thomas is the president of The Sheryl Sandberg & Dave Goldberg Family Foundation) · Own Who You Are, by Mellody Hobson (Hobson is the president of Ariel Investments) · Listen to Your

Inner Voice, by Rachel Simmons (Simmons is cofounder of the Girls Leadership Institute) · 12 Lean In stories, short essays by readers around the world who have been inspired by Sandberg

In Manning Up, Manhattan Institute fellow and City Journal contributing editor Kay Hymowitz argues that the gains of the feminist revolution have had a dramatic, unanticipated effect on the current generation of young men. Traditional roles of family man and provider have been turned upside down as “pre-adult” men, stuck between adolescence and “real” adulthood, find themselves lost in a world where women make more money, are more educated, and are less likely to want to settle down and build a family. Their old scripts are gone, and young men find themselves adrift. Unlike women, they have no biological clock telling them it's time to grow up. Hymowitz argues that it's time for these young men to “man up.”

All Groan Up: Searching for Self, Faith, and A Freaking Job! is the story of the GenY/Millennial generation told through the individual story of author Paul Angone. It's a story of struggle, hope, failure, and doubts in the twilight zone of growing up and being grown, connecting with his twentysomething post-college audience with raw honesty, humor, and hope.

A mother-daughter writing team reports on what's really up with kids today Science writer Robin Marantz Henig and her daughter, journalist Samantha Henig, offer a smart, comprehensive look at what it's really like to be twentysomething—and to what extent it's different for Millennials than it was for their Baby Boomer parents. The Henigs combine the behavioral science literature for insights into how young people make choices about schooling, career, marriage, and childbearing; how they relate to parents, friends, and lovers; and how technology both speeds everything up and slows everything down. Packed with often-surprising discoveries, Twentysomething is a two-generation conversation that will become the definitive book on being young in our time. "The fullest guide through this territory . . . A densely researched report on the state of middleclass young people today, drawn from several data sources and filtered through a comparative lens." —The New Yorker

The Defining Decade for the #Adulting generation—a book that blends storytelling and data to unpack the choices you make in your twenties, why they matter, and how to turn those critical years into a launchpad for the life you want. We tend to think of our twenties as a playground for life: A time for low-consequence experimentation and delaying big decisions. But the truth is that while you're muddling through those years—exploring new cities, dating the wrong people, hopping between jobs—a small shift in your flight path can mean the difference between landing on Mars or Saturn. As the data shows, the choices we make (or put off) during this critical decade about our career, marriage, health, friends, even downtime have the greatest impact on how our lives play out. For example, did you know that people who marry between the ages of 28 and 32 have the lowest risk of divorce? And that the average 25 year old has 20 close friends, but this will shrink to 8 after age 40? And that most of us don't acquire new hobbies after we hit our thirties? Rather than prescribing one correct path (who are we kidding, there's no such thing anyway!), Elizabeth Segran invites readers to think critically and holistically about the life they want to build. With signature warmth and humor, Segran is the guide we all wish we had to show us the way. Blending insightful anecdotes with research from economics, sociology, and political science, The Rocket

Years is an empowering exploration of these exciting, confusing, wonderful years. "There are few academics who write with as much grace and wisdom as Timothy Wilson. REDIRECT is a masterpiece." -Malcolm Gladwell What if there were a magic pill that could make you happier, turn you into a better parent, solve a number of your teenager's behavior problems, reduce racial prejudice, and close the achievement gap in education? There is no such pill, but story editing - the scientifically based approach described in REDIRECT - can accomplish all of this. The world-renowned psychologist Timothy Wilson shows us how to redirect the stories we tell about ourselves and the world around us, with subtle prompts, in ways that lead to lasting change. Fascinating, groundbreaking, and practical, REDIRECT demonstrates the remarkable power small changes can have on the ways we see ourselves and our environment, and how we can use this in our everyday lives.

Clinical psychologist and author of *The Defining Decade*, Meg Jay takes us into the world of the supernormal: those who soar to unexpected heights after childhood adversity. Whether it is the loss of a parent to death or divorce; bullying; alcoholism or drug abuse in the home; mental illness in a parent or a sibling; neglect; emotional, physical or sexual abuse; having a parent in jail; or growing up alongside domestic violence, nearly 75% of us experience adversity by the age of 20. But these experiences are often kept secret, as are our courageous battles to overcome them. Drawing on nearly two decades of work with clients and students, Jay tells the tale of ordinary people made extraordinary by these all-too-common experiences, everyday superheroes who have made a life out of dodging bullets and leaping over obstacles, even as they hide in plain sight as doctors, artists, entrepreneurs, lawyers, parents, activists, teachers, students and readers. She gives a voice to the supernormals among us as they reveal not only "How do they do it?" but also "How does it feel?" These powerful stories, and those of public figures from Andre Agassi to Jay Z, will show supernormals they are not alone but are, in fact, in good company. Marvelously researched and compassionately written, this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether -- and how -- the good wins out in the end.

The Defining Decade has changed the way millions of twentysomethings think about their twenties—and themselves. Revised and reissued for a new generation, let it change how you think about you and yours. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are an extended adolescence. Others call them an emerging adulthood. In *The Defining Decade*, Meg Jay argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized the most transformative time of our lives. Drawing from more than two decades of work with thousands of clients and students, Jay weaves the latest science of the twentysomething years with behind-closed-doors stories from twentysomethings themselves. The result is a provocative read that provides the tools necessary to take the most of your twenties, and shows us how work, relationships, personality, identity and even the brain can change more during this decade than at any other time in

adulthood—if we use the time well. Also included in this updated edition: Up-to-date research on work, love, the brain, friendship, technology, and fertility What a decade of device use has taught us about looking at friends—and looking for love—online 29 conversations to have with your partner—or to keep in mind as you search for one A social experiment in which "digital natives" go without their phones A Reader's Guide for book clubs, classrooms, or further self-reflection Following in the footsteps of his snarky self-help hit, *How to Be Miserable*, psychologist Randy J. Paterson uses his trademark wit and irony to help you tackle the most common roadblocks that stand in the way of successful “adulthood.” Are you living in your parent’s basement? Can you measure your life by the hours you spend video streaming or gaming? Do you have absolutely no idea who you really are or what matters to you? Are you emotionally stunted and incapable of mature relationships? Great! Keep it up. If you just can’t get enough of being miserable, you’re on the right path. In *How to Be Miserable in Your Twenties*, you won’t find platitudes or promises of love, happiness, and a fabulous life. What you will find are 40 strategies to help you cultivate a life of abject misery. On the other hand, if you want to take control of your destiny, find meaning and a sense of purpose, or just be a damn grownup, feel free to do the opposite of what this book says. You may yet join the ranks of happy people everywhere! So, keep getting caught in the same self-defeating traps that have led you to an unfulfilling existence—or not! Either way, this book will help you take a good long look at yourself and your life, and come up with a solid action plan for your worst (or best) future.

Are you a 20-something eager to find yourself in this crazy thing we call, *The Real World*? *cue dramatic sound effect* Until now, we've spent our entire lives in school. The great thing about school is that with each new year comes a new syllabus! But now what? No one warned us that our twenties would feel like floating in outer space. Can someone please turn on the gravity? We need a little direction here! Are you looking to find more clarity? Do you want to get to know yourself better? Are you eager to find your why? Are you ready to own your life? If so, take a BIG ole breath because you've come to right place. You are not alone in your 20-something journey and this book was written just for you as you speed through life. This book is quirky, fun, and full of advice. It's not going to add MORE to your plate (we've got enough going on), and I've organized it into the five major areas of life: 1. SELF-LOVE 2. HEALTHY MIND 3. BODY ACCEPTANCE 4. RELATIONSHIPS 5. CAREER These, I believe, are the areas in which we experience the most change during this roller coaster of a decade. Each micro chapter will give you the tools, tips, n' tricks to navigate life's ups and downs with ease, grace, and a whole lot of fun. If you're ready to take the plunge, open to page one and let's get started.

In an unorthodox approach, Georgetown University professor Cal Newport debunks the long-held belief that "follow your passion" is good advice, and sets out on a quest to discover the reality of how people end up loving their careers.

Not only are pre-existing passions rare and have little to do with how most people end up loving their work, but a focus on passion over skill can be dangerous, leading to anxiety and chronic job hopping. Spending time with organic farmers, venture capitalists, screenwriters, freelance computer programmers, and others who admitted to deriving great satisfaction from their work, Newport uncovers the strategies they used and the pitfalls they avoided in developing their compelling careers. Cal reveals that matching your job to a pre-existing passion does not matter. Passion comes after you put in the hard work to become excellent at something valuable, not before. In other words, what you do for a living is much less important than how you do it. With a title taken from the comedian Steve Martin, who once said his advice for aspiring entertainers was to "be so good they can't ignore you," Cal Newport's clearly written manifesto is mandatory reading for anyone fretting about what to do with their life, or frustrated by their current job situation and eager to find a fresh new way to take control of their livelihood. He provides an evidence-based blueprint for creating work you love, and will change the way you think about careers, happiness, and the crafting of a remarkable life.

Contemporary culture tells us the twentysomething years don't matter. Clinical psychologist Dr Meg Jay argues that this could not be further from the truth. In fact, your twenties are the most defining decade of adulthood. The Defining Decade weaves the latest science of the twentysomething years with real-life stories to show us how work, relationships, personality, social networks, identity and even the brain can change more during this decade than at any other time in adulthood. Smart, compassionate and constructive, The Defining Decade is a practical guide to making the most of the years we cannot afford to miss.

"Brimming with stories of sacrifice, courage, commitment and, sometimes, failure, the book will support anyone pondering a major life choice or risk without force-feeding them pat solutions."—Publishers Weekly In *What Should I Do with My Life?* Po Bronson tells the inspirational true stories of people who have found the most meaningful answers to that great question. With humor, empathy, and insight, Bronson writes of remarkable individuals—from young to old, from those just starting out to those in a second career—who have overcome fear and confusion to find a larger truth about their lives and, in doing so, have been transformed by the experience. *What Should I Do with My Life?* struck a powerful, resonant chord on publication, causing a multitude of people to rethink their vocations and priorities and start on the path to finding their true place in the world. For this edition, Bronson has added nine new profiles, to further reflect the range and diversity of those who broke away from the chorus to learn the sound of their own voice.

New York Times bestselling psychologist Dr. Meg Jay uses real stories from real lives to provide smart, compassionate, and constructive advice about the crucial (and difficult) years we cannot afford to miss. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are a

second adolescence. Others call them an emerging adulthood. Dr. Meg Jay, a clinical psychologist, argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized what is actually the most defining decade of adulthood. Drawing from almost two decades of work with hundreds of clients and students, *The Defining Decade* weaves the latest science of the twentysomething years with the behind-closed-doors stories from twentysomethings, themselves. The result is a provocative read that provides the tools necessary to make the most of your twenties, and shows us how work, relationships, personality, social networks, identity, and even the brain can change more during this decade than at any other time in adulthood—if we use the time wisely. *The Defining Decade* is a smart, compassionate and constructive book about the years we cannot afford to miss.

Brutally honest, often hilarious, hard-won lessons in learning to love and care for yourself from a young vice president at Comedy Central who was called "ahead of her time" by Jordan Peele "Compelling, persuasive, and useful no matter where you are in your life."--Chelsea Handler, #1 New York Times bestselling author of *Life Will Be the Death of Me* "A bracingly honest, funny read . . . like *Wild* meets *You Are a Badass*."--Adam Grant, #1 New York Times bestselling author of *Give and Take*, *Originals*, and *Option B* By the time she was in her late twenties, Tara Schuster was a rising TV executive who had worked for *The Daily Show* with Jon Stewart and helped launch *Key & Peele* to viral superstardom. By all appearances, she had mastered being a grown-up. But beneath that veneer of success, she was a chronically anxious, self-medicating mess. No one knew that her road to adulthood had been paved with depression, anxiety, and shame, owing in large part to her minimally parented upbringing. She realized she'd hit rock bottom when she drunk-dialed her therapist pleading for help. *Buy Yourself the F*cking Lilies* is the story of Tara's path to re-parenting herself and becoming a "ninja of self-love." Through simple, daily rituals, Tara transformed her mind, body, and relationships, and shows how to * fake gratitude until you actually feel gratitude * excavate your emotional wounds and heal them with kindness * identify your self-limiting beliefs, kick them to the curb, and start living a life you choose * silence your inner frenemy and shield yourself from self-criticism * carve out time each morning to start your day empowered, inspired, and ready to rule * create a life you truly, totally f*cking LOVE This is the book Tara wished someone had given her and it is the book many of us desperately need: a candid, hysterical, addictively readable, practical guide to growing up (no matter where you are in life) and learning to love yourself in a non-throw-up-in-your-mouth-it's-so-cheesy way.

AVOID THE JERKS AND FIND "THE ONE" WHO'S RIGHT FOR YOU "An insightful and creative contribution to managing the complexity of choosing a life partner. I heartily recommend it." --Harville Hendrix, Ph.D., author of *Getting the Love You Want* and *Keeping the Love You Find* "Don't be part of the 'where-was-this-book-when-I-needed-it?' crowd. It's not too late--read it now!" --Pat Love, Ed.D., author of *The Truth About Love* and *Hot Monogamy* Based on years of research on marital and premarital happiness, *How to Avoid Falling in Love with a Jerk* (previously published in hardcover as *How to Avoid Marrying a Jerk*) will help you break destructive dating patterns that have kept you from finding the love you deserve: Ask the right questions to inspire meaningful, revealing conversations with your partner Judge character based on compatibility, relationships skills, friends, and patterns from family and previous relationships Resolve your own emotional baggage so you're ready for a healthy relationship

Hard to Get is a powerful and intimate examination of the sex and love lives of the most liberated women in history—twenty-something American women who have had more

opportunities, more positive role models, and more information than any previous generation. Drawing from her years of experience as a researcher and a psychotherapist, Leslie C. Bell takes us directly into the lives of young women who struggle to negotiate the complexities of sexual desire and pleasure, and to make sense of their historically unique but contradictory constellation of opportunities and challenges. In candid interviews, Bell's subjects reveal that, despite having more choices than ever, they face great uncertainty about desire, sexuality, and relationships. Ground-breaking and highly readable, *Hard to Get* offers fascinating insights into the many ways that sex, love, and satisfying relationships prove surprisingly elusive to these young women as they navigate the new emotional landscape of the 21st century.
