Over three terrifying weeks, Anne is ensnared in a web of conspiracy, while the demure Jane Seymour stands waiting her turn for the poisoned wedding ring. But Anne and her powerful family will not yield without a ferocious struggle. Hilary Mantel's *Bring Up the Bodies* follows the dramatic trial of the queen and her suitors for adultery and treason. growing up in an America that values blue-eyed blondes and the tragedy that results from her longing to be accepted.

An absorbing, minute-by-minute account of the demise of the "unsinkable" Titanic, the massive luxury liner that housed a French "sidewalk cafe" and a grand staircase, among other extravagances, but failed to provide enough lifeboats for the 2,207 passengers on board. Reissue.

Adaptations have long been a mainstay of Hollywood and the television networks. Indeed, most Academy Award- and Emmy Award-winning films have been adaptations of novels, plays, or true-life stories. Linda Seger, author of two acclaimed books on scriptwriting, now offers a comprehensive handbook for screenwriters, producers, and directors who want to successfully transform fictional or factual material into film. Seger tells how to analyze source material to understand why some of it resists adaptation. She then gives practical methods for translating story, characters, themes, and style into film. A final section details essential information on how to adapt material and how to protect oneself legally.
