The “shocking” and “suspense-packed” bestseller about one teacher’s stand against student violence, and the basis for the Academy Award–nominated film (The New York Times Book Review). After serving his country in World War II, Richard Dadier decides to become an English teacher—and for the sin of wanting to make a difference, he’s hired at North Manual Trades High School. A tough vocational school in the East Bronx, Manual Trades is home to angry, unruly teenagers exiled from New York City’s regular public schools. On his first day, Dadier endures relentless mockery and ridicule and makes an enemy of the student body by rescuing a female colleague from a vicious attack. His fellow educators are bitter, disillusioned, and too afraid of their pupils to risk turning their backs on them in the classroom. But Dadier refuses to give up without a fight. Over the course of the semester, he tries again and again to break through the wall of hatred and scorn and win his students’ respect. The more he learns

about their difficult circumstances, the more convinced he becomes that a good teacher can make a difference in their lives. His idealism will be put to the ultimate test, however, when a long-simmering power struggle with his most intimidating student explodes into a violent schoolroom showdown. The basis for the blockbuster film starring Glenn Ford and Sidney Poitier, Evan Hunter's *The Blackboard Jungle* is a brutal, unflinching look at the dark side of American education and an early masterpiece from the author who went on to write the gritty 87th Precinct series as Ed McBain. Drawn from Hunter's own experiences as a New York City schoolteacher, it is a "nightmarish but authentic" drama that packs a knockout punch (Time). #1 NEW YORK TIMES BESTSELLER • A special 20th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. *Tuesdays with Morrie* is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

Deb is absolutely crazily in love with the stunning Avantika. He can't believe that she is his. Their relationship is going great except for the one time when Deb faltered by breaching her trust. After he apologized, Avantika grudgingly accepted him back. However, his insecurity about her seems to be pushing him into infidelity again. Durjoy Datta explores the themes of fidelity, love and lust through a roller coaster of misunderstandings and mistakes that are so common in relationships today. A pioneering canine behaviorist draws on cutting-edge research to show that a single, simple trait—the capacity to love—is what makes dogs such perfect companions for humans, and explains how we can better reciprocate their affection. "Lively and fascinating . . . The reader comes away cheered, better informed, and with a new and deeper appreciation for our amazing canine companions and their enormous capacity for love." —Cat Warren, New York Times best-selling author of *What the Dog Knows Does your dog love you?*

Every dog lover knows the feeling. The nuzzle of a dog's nose, the warmth of them lying at our feet, even their whining when they want to get up on the bed. It really seems like our dogs love us, too. But for years, scientists have resisted that conclusion, warning against anthropomorphizing our pets. Enter Clive Wynne, a pioneering canine behaviorist whose research is helping to usher in a new era: one in which love, not intelligence or submissiveness, is at the heart of the human-canine relationship. Drawing on cutting-edge studies from his lab and others around the world, Wynne shows that affection is the very essence of dogs, from their faces and tails to their brains, hormones, even DNA. This scientific revolution is revealing more about dogs' unique origins, behavior, needs, and hidden depths than we ever imagined possible. A humane, illuminating book, *Dog Is Love* is essential reading for anyone who has ever loved a dog—and experienced the wonder of being loved back.

From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

**WILL IT BE MONEY OR LOVE?** For Abhijeet, Saurav, Shruti, Garima life is about to change. They have the most sought after jobs in the country—jobs that will pay for designer clothes, shoes, watches, holidays in foreign locations . . . all the things they've ever wanted. But then, is life ever perfect? Things begin to get tough from day one as they begin to work under bosses who are straight out of hell, who pile them with work, push them for more and make their lives miserable. Things go from bad to worse as they fall in love and sleep around with all the wrong people. Then when recession affects the company, their bond begins to strain. Till one day, the very reason that got them together tears them apart: Money.

My name is Mickey Rowe. I am an actor, a theatre director, a father, and a husband. I am also a man with autism. You think those things don't go together? Let me show you that they do. Growing up, Mickey Rowe was told that he couldn't enter the mainstream world. He was iced out by classmates and colleagues, infantilized by well-meaning theatre directors, barred from even

earning a minimum wage. Why? Because he is autistic. Fearlessly Different: An Autistic Actor's Journey to Broadway's Biggest Stage is Mickey Rowe's story of growing up autistic and pushing beyond the restrictions of a special education classroom to shine on the stage. As an autistic and legally blind person, living in a society designed by and for non-disabled people, it was always made clear to Mickey the many things he was apparently incapable of doing. But Mickey did them all anyway—and he succeeded because of, not in spite of, his autism. He became the first autistic actor to play the lead role in the play *The Curious Incident of the Dog in the Night-Time*, landed the title role in the play *Amadeus*, co-created the theatre/philanthropy company Arts on the Waterfront, and founded the National Disability Theatre. Mickey faced untold obstacles along the way, but his story ends in triumph. Many people feel they are locked out of the world of autism—that it's impossible to even begin to understand. In *Fearlessly Different*, Mickey guides readers to that world while also helping those with autism to feel seen and understood. And he shows all people—autistic and non-autistic alike—that the things that make us different are often our biggest strengths.

Top family therapist Diane Levy gives clear parenting guidelines in this bestselling title. This book presents a modern approach to parenting. Diane Levy believes children must be taught to experience and handle their emotions and they must learn self-discipline. She also believes that it takes about twenty years to raise a child. Within that twenty years, you will have taught - or led your child towards the teaching of all the skills they will need to function in the world away from home. Levy's approach to parenting has two main tenets: Emotional Support and Limit Setting. The first responsibility of parents is to give children emotional support so that they will have the courage to have the experiences and do the learning that they need to become emotionally independent adults. The second responsibility is to set suitable boundaries and expectations so that they can safely tread the path from undisciplined babies to self-disciplined adults. Diane Levy uses her approach to parenting in the context of modern society. In many families both parents work, and many parents work and raise children single-handedly; in order to establish a good family structure clear boundaries must exist between parent and child. She discusses specific issues, such as sibling rivalry, bullying and nasty habits. Readers may dip into the book to find immediate help for problems with sleeping, eating and toilet training. Sex education and strategies for coping with teenagers are also covered; with the last part of the book summing up simple parenting strategies.

"An engrossing tale [that] provides plenty of food for thought" (People, Best New Books pick), this playful, wise, and profoundly moving second novel from the internationally bestselling author of *How Proust Can Change Your Life* tracks the beautifully complicated arc of a romantic partnership. We all know the headiness and excitement of the early days of love. But what comes after? In Edinburgh, a couple, Rabih and Kirsten, fall in love. They get married, they have children—but no long-term relationship is as simple as "happily ever after." *The Course of Love* explores what happens after the birth of love, what it takes to maintain, and what happens to our original ideals under the pressures of an average existence. We see, along with Rabih and Kirsten, the first flush of infatuation, the effortlessness of falling into romantic love, and the course of life thereafter. Interwoven with their story and its challenges is an overlay of philosophy—an annotation and a guide to what we are reading. As *The New York Times* says, "The Course of Love is a return to the form that made Mr. de Botton's name in the mid-1990s....love is the subject best suited to his obsessive aphorizing, and in this novel he again shows off his ability to pin our hopes, methods, and insecurities to the page." This is a Romantic novel in the true sense, one interested in exploring how love can survive and thrive in the long term. The result is a sensory experience—fictional, philosophical, psychological—that urges us to identify deeply with these characters and to reflect on his and her own experiences in love. Fresh, visceral, and utterly compelling, *The Course of Love* is a provocative and life-affirming novel for everyone who believes in love. "There's no writer alive like de Botton, and his latest ambitious undertaking is as enlightening and humanizing as his previous works" (*Chicago Tribune*).

"The Tenth Muse" sings to both sexes of desire, rapture, and sorrow. This concise collection of the ancient Greek poet's surviving works was assembled and translated by a distinguished classicist.
