It's been called America's classical music. The infinite art. The heart and soul of all popular music. But whatever the label, jazz has played an immense cultural role worldwide, opening up vast vistas of musical creativity, generating unforgettable performances, and giving us such iconic artists as Miles Davis, Louis Armstrong, and Duke Ellington. Jazz: The First Century marks the passage of the music's first hundred years by bringing together text and art in a rich, illustrated chronicle that opens up the vibrant world of jazz to everyone. Jazz: The First Century is edited by John Edward Hasse, Curator of American Music at the Smithsonian Institution, leading a writing team of today's finest and most widely respected jazz authorities. Their compelling essays are complemented by an engrossing and sophisticated design packed with more than 300 images, including vintage photographs, sheet music covers, rare album jackets, posters, and more. From the beginning, jazz offered a new kind of musical expression perfectly suited to the innovation and rapid pace of life in the twentieth century. Jazz: The First Century vividly illuminates the circumstances of the music's birth, examines the contributions of its most consequential musicians, and brings to life its many pleasures, from the emotionalism of early blues and the infectious syncopation of ragtime to the exhilaration of 1930s big-band swing and the awesome musical flights of bebop-from the understated sophistication of cool jazz and the boundless expressiveness of free improvisation to the electrifying power of fusion and the potent grooves of jazz-rap and hip-hop. In addition, seventy concise sidebars focus on important songs, key landmarks and personalities, and conventions of jazz performance and composition. They also examine the confluence of jazz with radio and television and with such art forms as film, painting, literature, poetry, classical music, and dance. Here also are hundreds of recommended recordings-selections based on opinions gathered in an international survey of historians, educators, critics, musicians, and broadcasters. For newcomers and aficionados alike, Jazz: The First Century offers a wealth of enlightening information. It's an essential and comprehensive overview of the music Tony Bennett calls "America's greatest contribution to the world...a celebration of life itself."

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part, as well as in the vocal line. (Piano Vocal). This sheet music features an arrangement for piano and vocal with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

Una íntima conversación con El Maestro. ¿Qué es la música? ¿Dónde comienza? ¿Cuál es su propósito? ¿Sigue teniendo sentido estudiar música hoy en día? Las historias y reflexiones de Morricone en conversación con su discípulo y confidente, el también compositor Alessandro de Rosa, giran en torno a estas cuestiones. Juntos recuperan muchos de los recuerdos que pueblan la singladura vital del maestro, tanto en lo concerniente a la evolución de su lenguaje musical como a las múltiples y privilegiadas relaciones profesionales que cimentaron su reconocimiento internacional. Vida y obra confluyen en una suerte de partitura que nos permite contextualizar y comprender algunas de las grandes paradojas y contradicciones de nuestro tiempo. Conversar con Morricone invita a reflexionar sobre el pasado, el presente y el futuro de la música, para abordar de manera cercana cuestiones como la crisis de la música culta del siglo XX, la llegada de la radio y la televisión, el desarrollo de la industria cinematográfica y discográfica, y los usos y costumbres de la sociedad de consumo. No menos fascinante es la crónica de sus encuentros con personalidades como Sergio Leone, Pier Paolo Pasolini, Fellini, Scola, Bertolucci, Clint Eastwood, Quentin Tarantino, Brian de Palma u Oliver Stone. Nos regala, además, un paseo por su producción extracineamatográfica; o lo que él mismo define como "música absoluta".

A música é reconhecida há muito tempo como uma arte peculiar, pois pode incentivar certas atitudes ou despertar algumas emoções particulares nos que a ouvem. Com seu potencial sensibilizador, tornou-se ferramenta essencial na construção da técnica narrativa em todas as tradições culturais, sendo assim conectada intimamente à produção e emissão da simbologia desejada. Pode-se afirmar, portanto, que a trilha sonora consiste na instrumentalização da música e das sonoridades como fator fundamental na criação de uma história seja qual for o veículo que irá transmiti-la - Cinema, Teatro, Televisão, Rádio, entre outros. Podemos considerar a Trilha Sonora de um filme como um personagem a mais na trama. Um personagem primordial que reflete em vocais e acordes o estado de espírito dos personagens principais e coadjuvantes, conferindo-lhes personalidade.

Paris is the third studio-album by multi-million selling French songstress Zaz. It's a love letter to that most romantic of European cities and features some of the most iconic French songs reimagined with the help of producer Quincy Jones. Arranged for Piano, Vocal and Guitar, this sheet music includes all thirteen diverse and versatile tunes. Zaz's special variety of gypsy jazz, mixed with powerful, husky vocals is impossible to resist, effortlessly bringing the beautifully sun-soaked Parisian streets to life with expressive sincerity. Channel your inner chanteuse and discover the variety and beauty behind every song from the album.
