

## Red Eyed Tree Frog Scholastic Bookshelf

Not sure whether to high-five bees or run away from them? Well, maybe you shouldn't high-five them, but you definitely don't have to run away from them. In this enthusiastic, hands-on approach to bees, the book's narrator will convince the pizza-loving bee skeptic-and you-of just how cool bees really are. Did you know that 98 percent of bees are girls? Or that they have two stomachs (which would come in handy for more pizza eating)? Bethany Barton's hilarious text and kid-friendly illustrations will have you singing the praises of our buzzing neighbors-or at least will convince you to give bees a chance.

A rhythmic, read-aloud picture book. Perfect for little dinosaur fans! Mighty Tyrannosaurus loved stomp, stomp, stomping. Gigantic legs striding, enormous jaws opening... So stomp, Tyrannosaurus, stomp! Meet a different dinosaur on each page, in this bright, bold picture book. Just right for sharing together. Little ones will love looking at the colourful pictures and joining in with all the great sound and action words! From the creators of the bestselling Dig Dig Digging series.

Ralph runs away looking for freedom but winds up a prisoner at a summer camp. This frog, found in the rain forest of Central America, spends the night searching for food, while also being careful not to become dinner for some other animal. Sassy and Waldo need to save their boy from being bored all day in class, but the school won't let two dogs inside. Good thing they found that trench coat! Trouble ensues when Papa gets Miguel a turkey to fatten up for Thanksgiving and Miguel develops an attachment to it.

Did you know that a giant panda eats more than 600 bamboo stems a day but that it doesn't stop these bears from being expert tree climbers? Be surprised and awed by every page of this captivating book! Features include stunning photography; a fact file which breaks down vital data points in an easy-to-follow and understand format; fast facts; a family tree to show the evolution of and how this animal fits into the wider category of its scientific order; a glossary and more. The last chapter of every Natures Children title always discusses humans impact on the animal and its environment.

Sibert Medalist and naturalist Nic Bishop gives readers a closer look at big cats! A counting book depicting the colorful fish a child might see if he turned into a fish himself.

It's an exciting morning for Joey the baby koala in this beautifully photographed book from award-winning author Nic Bishop. High above the ground, in the shade of a eucalyptus tree, Joey the baby koala wakes up hungry! Crawling over his sleeping mom, Joey goes exploring... only to find that his mother's arms is where he's supposed to be after all. In this book featuring simple text and stunning photographs of a rare interaction between a koala and her little one, award-winning author-photographer Nic Bishop brings nature to life for the youngest children. Perfect for laptime reading, this visual treat in the style of Bishop's

acclaimed Red-Eyed Tree Frog includes fun facts about koalas and their habitat. Frogs, fish, a turtle, and other creatures who live in or around a river state their need for the river, making a plea for protecting this natural resource.

Bestselling author Ally Carter returns with an exciting stand-alone novel, about a girl stranded in the middle of the Alaskan wilderness with the boy who wronged her... as an assassin moves in.

If you could have any animal's front teeth, whose would you choose? **WHAT IF YOU HAD ANIMAL TEETH?** takes children on a fun, informative, and imaginative journey as they explore what it would be like if their own front teeth were replaced by those of a different animal. Featuring a dozen animals (beaver, great white shark, narwhal, elephant, rattlesnake, naked mole rat, hippopotamus, crocodile, and more), this book explores how different teeth are especially adapted for an animal's survival. At the end of the book, children will discover why their own teeth are just right for them. And they'll also get a friendly reminder to take good care of their teeth, because they're the only teeth they'll ever have. Each spread features a photograph of the animal using its specialized teeth on the left and a humorous illustrated image of a child using that animal's teeth on the right.

"The birth of Pip the penguin brings great joy to his parents. They warn their precious baby of the dangers that await a penguin in the wilds of the Antarctic. But Pip gets bored and wanders off, only to discover first-hand that 'nest is best!'"--Back cover. Suggested level: junior.

Introduces early readers to the turkey vulture through a review of how they find their meals as soaring scavengers and the important part they play as a member of nature's clean-up crew.

Did you know that a group of tree frogs is called an army-or that a frog's tongue attaches to the front of its mouth? Learn fascinating facts like these-and more-all in the pages of this book!

Some snakes are more dangerous than others. Those that have venom, or poison, can kill their prey with just one bite! Now even the youngest readers can join Sibert Medal-winning photographer and biologist Nic Bishop as he takes a closer look at the world's most amazing animals! In this book, Nic introduces fun facts about snakes and their bodies, habits, and life cycle. This adaptation of the award-winning picture book has accessible Level 2 text that is perfect for beginners and eye-catching photographs that will delight naturalists of all ages. This reader includes a brief author's note, glossary, and photo index.

Rockhopper penguins live by the sea, but in many ways their families are just like ours. Penguin parents take good care of their children. Mama penguin fishes for food, while papa stays home and watches the baby. But even little ones get tired of waiting for breakfast, and sometimes they wander off... Luckily, penguin parents always save the day! Sibert Medalist and naturalist Nic Bishop has traveled around the globe to photograph animals of all shapes and sizes.

Following in the vein of his bestselling, award-winning book Red-Eyed Tree Frog, now Nic takes a close-up look at caring, and sometimes comical, penguin

families.

Presents an introduction to frogs, discussing their physical characteristics, mating habits, predators, and different species.

Now even the youngest readers can join Sibert Medal-winning photographer and biologist Nic Bishop as he takes a closer look at the world's most amazing animals. In this book, adapted from his award-winning hardcover, Nic introduces fun facts about fr

Get out of bed, Hairy Bear. There are robbers!

The colors of most tree frogs help them blend in with their surroundings. But when startled, some tree frogs shock predators with their brightly colored eyes. Beginning readers will be surprised by other cool facts about tree frogs in this eye-catching title.

If you could have any animal's hair, whose would you choose? If you had a polar bear's double coat, you would never have to wear a hat when playing in the snow. If you had reindeer hair, it could help you stay afloat in water. And if you had a porcupine's hair, no bully would ever bother you again! WHAT IF YOU HAD ANIMAL HAIR? is a follow-up to the adorable WHAT IF YOU HAD ANIMAL TEETH? Each spread will feature a photographic image of the animal and its hair on the left and an illustration of a child with that animal's hair on the right. As in ANIMAL TEETH, the illustrations will be humorous and will accompany informative text.

Lauren has a secret. Colby has a problem. But when they find each other, everything falls into place. In alternating chapters of verse and prose, new girl Lauren and football hero Colby come together, fall apart, and build something stronger than either of them thought possible -- something to truly believe in. Spotty the owl loves to play but when he is left in charge of advising the forest animals who ask for his help, he finds he also has a talent for dispensing wisdom.

Fun and engaging activity pages that reinforce the alphabet, reading, writing, phonics, math skills, and more, and prepare preschoolers for kindergarten! From the editors of Weekly Reader.
