To save their threatened utopian community of Iroquois, Irish, and Scots during the start of the American Revolution, Mohawk chief Joseph Brant and a group of warriors go on a restless journey that takes them from New York to Canada, to the salons of Georgian London and the heart of the British Empire, in the latest work by a critically acclaimed collective of Italian writers known as Wu Ming.

The Flame (1900) is a novel by Gabriele D'Annunzio. Inspired by the author's interpretation of the work of Friedrich Nietzsche and Walter Pater, *The Flame* is a semi-autobiographical account of the end of D'Annunzio's relationship with famed actress Eleonora Dusa. Considered a central text of Italian Decadentism, the novel has earned comparisons to the work of Oscar Wilde and Joris-Karl Huysmans. "With an all-comprehensive glance, she looked around at all the beauty of this last twilight of September. In the dark wells of her eyes were reflected the circles of light made by the oar as it flashed in the water, which was illuminated by the glittering angels that shone from afar on the campaniles of San Marco and San Giorgio Maggiore." Venice, a symbol of the Renaissance, is changing. The churches and canals of old remain, but an era of cultural achievement is coming to a close. As the public anticipates the death of legendary composer Richard Wagner, who has taken to his deathbed at the palace of Ca' Vendramin Calergi, Stelio Effrena dreams of establishing his reputation as one of Italy's greatest

poets. Filled with theories of art and philosophies of life, possessing an undeniable mastery of language, he nevertheless feels uninspired by his muse, the aging actress La Foscarina. Meditative and introspective, *The Flame* has attracted praise for its portrayal of nineteenth century Venice, a city seemingly lost in time. With a beautifully designed cover and professionally typeset manuscript, this edition of Gabriele D'Annunzio's *The Flame* is a classic work of Italian literature reimagined for modern readers.

Puccini's non-operatic songs, *Arie da camera e da chiesa* for voice and piano, have never before been collected--many until now have never been published. They cover the entire span of the composer's life: the earliest was written when Puccini was in his teens, the latest when the composer was in his sixties. Working from musical manuscripts, letters, documents, and other sources, Michael Kaye shows Puccini--whose music is the mainstay of every opera house in the world--in a new light. The words and music of fifteen songs, including little-known music from the operas *Edgar* and *La Rondine*, are provided. More than a dozen fascinating--some rare--photographs give an extra dimension to the book. About the Author Michael Kaye received his M.M. in opera from the New England Conservatory. He has served on the artistic staffs of opera companies in Boston, Chicago, Cologne, San Francisco and New York.

Mike Cuthbert explores European Union law looking at topics such as free movement of goods and workers, competition policy and human rights. He also includes an

examination checklist and sample questions and model answers.

One of contemporary music's most significant and controversial figures, Brian Ferneyhough's complex and challenging music draws inspiration from painting, literature and philosophy, as well as music from the recent and distant past. His dense, multi-layered compositions intrigue musicians while pushing performer and instrument to the limits of their abilities. A wide-ranging survey of his life and work to date, Brian Ferneyhough examines the critical issues fundamental to understanding the composer as both musician and thinker. Debuting in celebration of Ferneyhough's 70th birthday in 2013, this book balances critical analysis of the music and close scrutiny of its aesthetic and philosophical contexts, making possible a more rounded view of the composer than has been available hitherto. In Nazi-occupied Warsaw of 1943, Irma Seidenman, a young Jewish widow passes as the wife of a Polish officer, until an informer spots her and drags her off to the Gestapo to await her fate

The first volume in a trilogy about the life and times of Alexander the Great describes the youth of the young prince as he grows to manhood in the court of King Philip, under the tutelage of the noted philosopher Aristotle, avenges the murder of his father, and embarks on his epic quest to conquer the world. Reprint.

When the novel *Brave New World* first appeared in 1932, its shocking analysis of a scientific dictatorship seemed a projection into the remote future. Here, in one of the most important and fascinating books of his career, Aldous Huxley uses his tremendous knowledge of human relations to

compare the modern-day world with his prophetic fantasy. He scrutinizes threats to humanity, such as overpopulation, propaganda, and chemical persuasion, and explains why we have found it virtually impossible to avoid them. *Brave New World Revisited* is a trenchant plea that humankind should educate itself for freedom before it is too late.

This is a truly compelling, romantic and exciting book, and a fitting conclusion to the bestselling Alexander trilogy.

Le due Anfore - poesie sinfoniche dipinte su tela sembra essere un invito all'abbandono dei sensi, a quell'esperienza sensuale, seppur contraddittoria, che ci concede l'illusione di vivere immagini di rara bellezza e di un fascino mistico senza mai possederle realmente. Il poeta diventa per Baudelaire il principe dei nubi, per Mallarmè il principe amaro dello scoglio, in entrambi i casi è un esule. Di Fronzo è il nocchiero dell'abisso, coinvolge il lettore e lo conduce nel suo burrascoso viaggio ai limiti del «baratro» del suo animo che, paradossalmente, è anche «anelito verso un cielo troppo alto». Il suo obiettivo è la condivisione intima ed appassionata del suo lirismo, nel tentativo di governare i sogni e gli incubi del suo travolgente io. Nella tanto anelata aspirazione di eterno il bisogno di liberarsi dalle caduche spire della Storia porta il poeta all'ossessione e al delirio d'infinito, si acuisce la dualità della sua essenza in cui si specchiano inferno e cielo, stelle e fondali e comincia a soffiare il vento di un'immaginazione che alberga tra le mura dell'impossibile.

Nicolò del Vescovo Pasquale Di Fronzo è nato a Bari nel 1979. Attualmente vive a Capurso (BA) e dopo la Maturità Scientifica ha conseguito la Laurea in Medicina e Chirurgia presso l'Università degli Studi di Bari. Nel 2009 ha pubblicato la sua prima raccolta di poesie dal titolo *Parlerò all'aria e comprenderò il suo silenzio*, Ed. Akkuaria. Con Aletti Editore ha pubblicato la sua seconda silloge, *Le due Anfore - poesie sinfoniche dipinte su tela*.

"Friedin writes just the kind of criticism Mandelstam wrote and which he would have loved: grounded in careful reading but never timid, quirky but never merely eccentric, the product of a mind and sensibility keenly alive to the times, both historical and critical. . . . Nothing I have read on Mandelstam has so provoked my own thinking as has Freidin's work. . . . It is stimulating in every sense of the word and will move the study of Mandelstam off the point at which it has been stuck for far too long." - John E. Malmstad, Harvard University "Combining as it does sensitive close readings of the Mandelstam texts with an uncommonly wide range of literary and sociocultural reference, *A Coat of Many Colors* is a welcome and significant addition to the body of scholarship bearing on one of our century's finest poets." -Victor Erlich, Yale University - Arr. for SATB Choir

The one book about Stravinsky Stravinsky would have liked. Richard Taruskin.

In this much-lauded memoir, acclaimed for its blend of literary elegance and political passion, Rossana Rossanda, a legendary figure on the Italian left, reflects on a life of radical commitment. Active as a communist militant in the Italian Resistance against fascism during World War Two, Rossanda rose rapidly in its aftermath, becoming editor of the Communist Party weekly paper and a member of parliament. Initially a party loyalist, she was critical of the party's conservatism in the face of new radical movements and moved into opposition during the late 1960s. The breach widened after she and others publicly opposed the Soviet invasion of Czechoslovakia, and were expelled in 1969. She went on to help found the influential paper *il manifesto*, which remains the most critical daily in Berlusconi's Italy. Her unique experience enables her to reconstruct that period with flair and authority. She paints a revealing picture of fascism, communism, post-war reconstruction and the revolts that shook Europe in the 1960s. In *The Comrade from Milan*, one of the most influential intellectuals of

the European Left relives the storms of the twentieth century. Both cool-headed and precise, Rossanda provides a rare insight into what it once meant to be politically engaged.

Un best-seller di fine ottocento. Nello scenario di Napoli e della sua periferia De Marchi colloca la storia di un delitto. I due protagonisti, U barone e U prevete, sono entrambi esseri abbietti: l'assassino è il barone Carlo Coriolano di Santafusca, un nobile decaduto vizioso, dissoluto e dedito alle pratiche più immorali accennate, sia pure piuttosto pudicamente, nel capitolo intitolato "L'orgia" dove, tra l'altro, si legge che l' "onda bionda e spumosa" della Sciampagna "spruzzò i seni delle ragazze" e dove "donne sdraiate e seminude [...] fumavano le loro sigarette"; ma oltre a ciò il nobile libertino è anche un darwiniano e acceso materialista, ma anche forte del suo privilegiato ruolo sociale per ritenersi al di sopra della giustizia e delle leggi dello stato. L'assassinato invece è don Cirillo, un prete ricchissimo grazie al lotto e all'usura, pure chiacchierato perché i numeri giusti per vincere al lotto li dà alla bella moglie del cappellaio... Sono in scena, insomma, due squallidi personaggi che rappresentano il peggio della nobiltà e della chiesa, gli istinti più meschini e sfrenati.

Takes the reader on an incredible journey with the Christ Child from His birth in a humble setting, to His sojourn in Egypt and return to Nazareth, and finally to His three days in the temple, where His teachings

were so profound as to astonish all who were in attendance. At each stage of Jesus' life, Jakob Lorber is able to introduce the many relationships that comprise Jesus' family and friends and how the Christ Child, from infant to young boy, taught lessons of love, forgiveness, and mercy to them. Not only His words, but His miracles and acts of power, bear witness to the divinity and Lordship of the Christ. In these little-known and forgotten years of His Childhood that Lorber has illuminated, readers will be strengthened in their faith and also gain new insights into scriptures that the Christ Child uses in His teachings in the temple. An absolute must-read for old and young alike.

Aloha Oe is a short story by Jack London. John Griffith "Jack" London (born John Griffith Chaney, January 12, 1876 - November 22, 1916) was an American author, journalist, and social activist. He was a pioneer in the then-burgeoning world of commercial magazine fiction and was one of the first fiction writers to obtain worldwide celebrity and a large fortune from his fiction alone. He is best remembered as the author of *The Call of the Wild* and *White Fang*, both set in the Klondike Gold Rush, as well as the short stories "To Build a Fire," "An Odyssey of the North," and "Love of Life." He also wrote of the South Pacific in such stories as "The Pearls of Parlay" and "The Heathen," and of the San Francisco Bay area in *The Sea Wolf*. London was a passionate advocate of unionization, socialism, and the rights of workers and wrote

several powerful works dealing with these topics such as his dystopian novel *The Iron Heel*, his non-fiction expose *The People of the Abyss*, and *The War of the Classes*. On July 12, 1897, London (age 21) and his sister's husband Captain Shepard sailed to join the Klondike Gold Rush. This was the setting for some of his first successful stories. London's time in the Klondike, however, was detrimental to his health. Like so many other men who were malnourished in the goldfields, London developed scurvy. His gums became swollen, leading to the loss of his four front teeth. A constant gnawing pain affected his hip and leg muscles, and his face was stricken with marks that always reminded him of the struggles he faced in the Klondike. Father William Judge, "The Saint of Dawson," had a facility in Dawson that provided shelter, food and any available medicine to London and others. His struggles there inspired London's short story, "To Build a Fire" (1902, revised in 1908), which many critics assess as his best. His landlords in Dawson were mining engineers Marshall Latham Bond and Louis Whitford Bond, educated at Yale and Stanford. The brothers' father, Judge Hiram Bond, was a wealthy mining investor. The Bonds, especially Hiram, were active Republicans. Marshall Bond's diary mentions friendly sparring with London on political issues as a camp pastime. London left Oakland with a social conscience and socialist leanings; he returned to become an activist for socialism. He concluded that his only hope of escaping the work "trap" was to get an education and "sell his brains." He saw his writing as a business, his ticket out of poverty, and, he hoped, a means of beating the wealthy at their own game. On returning to California in 1898, London began working deliberately to get published, a struggle described in his novel, *Martin Eden* (serialized in 1908, published in 1909). His first published story since high school was "To the Man On Trail," which has frequently been collected in anthologies.

When The Overland Monthly offered him only five dollars for it and was slow paying-London came close to abandoning his writing career. In his words, "literally and literarily I was saved" when The Black Cat accepted his story "A Thousand Deaths," and paid him \$40-the "first money I ever received for a story." London began his writing career just as new printing technologies enabled lower-cost production of magazines. This resulted in a boom in popular magazines aimed at a wide public and a strong market for short fiction. In 1900, he made \$2,500 in writing, about \$71,000 in today's currency. Among the works he sold to magazines was a short story known as either "Diable" (1902) or "Batard" (1904), in two editions of the same basic story; London received \$141.25 for this story on May 27, 1902. In the text, a cruel French Canadian brutalizes his dog, and the dog retaliates and kills the man. London told some of his critics that man's actions are the main cause of the behavior of their animals, and he would show this in another story, The Call of the Wild.

MAFIA. CAMORRA. 'NDRANGHETA. The Sicilian mafia, known as Cosa Nostra, is far from being Italy's only dangerous criminal fraternity. The country hosts two other major mafias: the camorra from Naples; and, from the poor and isolated region of Calabria, the mysterious 'ndrangheta, which has now risen to become the most powerful mob group active today. Since they emerged, the mafias have all corrupted Italy's institutions, drastically curtailed the life-chances of its citizens, evaded justice, and set up their own self-interested meddling as an alternative to the courts. Yet each of these brotherhoods has its own methods, its own dark rituals, its own style of ferocity. Each is uniquely adapted to corrupt and exploit its own specific environment, as it collaborates with, learns from, and goes to war with the other mafias. Today, the shadow of organized crime hangs over a country racked by debt, political paralysis, and widespread

corruption. The 'ndrangheta controls much of Europe's wholesale cocaine trade and, by some estimates, 3 percent of Italy's total GDP. *Blood Brotherhoods* traces the origins of this national malaise back to Italy's roots as a united country in the nineteenth century, and shows how political violence incubated underworld sects among the lemon groves of Palermo, the fetid slums of Naples, and the harsh mountain villages of Calabria. *Blood Brotherhoods* is a book of breathtaking ambition, tracing for the first time the interlocking story of all three mafias from their origins to the present day. John Dickie is recognized in Italy as one of the foremost historians of organized crime. In these pages, he blends archival detective work, passionate narrative, and shrewd analysis to bring a unique criminal ecosystem—and the three terrifying criminal brotherhoods that have evolved within it—to life on the page.

This carefully crafted ebook: "BRAVE NEW WORLD" is formatted for your eReader with a functional and detailed table of contents. Set in London in the year AF 632 (2540 AD) this political and dystopian science fiction novel, paints a chilling picture of a consumerist society where being a misfit spells utter doom for a person. Here assisted reproductive technologies, mindless sex and orgies, and guided rules for expressing of human emotions reduce relationships to mechanical farces. Written in 1931, the novel is still relevant today and more so because, as Huxley mentioned in "Brave New World Revisited", our real world is turning into the world of the novel much faster than we originally thought! Aldous Huxley (1894–1963) was an English writer, novelist, philosopher, humanist, pacifist, and satirist. He later became interested in spiritual subjects such as parapsychology and philosophical mysticism. By the end of his life, Huxley was widely acknowledged as one of the pre-eminent intellectuals of his time. He was nominated for the Nobel Prize in

Literature in seven different years.

Cees Nootboom wrote the poems that make up Monk's Eye on two islands: he began them on the Dutch island of Schiermonnikoog and finished them on the Spanish island of Minorca, where he has spent summers for decades. The poems--which can be read individually or, all together, as the record of a poet's life--are about the two islands. But they're also about islands as an archetype, about the serenity that we can find on beaches and amid dunes, the sea sweeping imperturbably around us. Accompanied by Sunandini Banerjee's collages, the poems in this volume are rich in allusion; they address the past, memories, illusions, dreams, and the heart of all poetry--which Nootboom locates in the opening line of Plato's Phaedrus, when Socrates, walking with his admirer, asks, "My dear Phaedrus, whence came
