"This book is a message from autistic people to their parents, friends, teachers, coworkers and doctors showing what life is like on the spectrum. It's also my love letter to autistic people. For too long, we have been forced to navigate a world where all the road signs are written in another language." With a reporter's eye and an insider's perspective, Eric Garcia shows what it's like to be autistic across America. Garcia began writing about autism because he was frustrated by the media's coverage of it; the myths that the disorder is caused by vaccines, the narrow portrayals of autistic people as white men working in Silicon Valley. His own life as an autistic person didn't look anything like that. He is Latino, a graduate of the University of North Carolina, and works as a journalist covering politics in Washington D.C. Garcia realized he needed to put into writing what so many autistic people have been saying for years; autism is a part of their identity, they don't need to be fixed. In *We're Not Broken*, Garcia uses his own life as a springboard to discuss the social and policy gaps that exist in supporting those on the spectrum. From education to healthcare, he explores how autistic people wrestle with systems that were not built with them in mind. At the same time, he shares the experiences of all types of autistic people, from those with higher support needs, to autistic people of color, to those in the LGBTQ community. In doing so, Garcia gives his community a platform to articulate their own needs, rather than having others speak for them, which has been the standard for far too long.

When a stripper is murdered, Gabe Wager turns the red-light district inside out More than any other establishment on Denver's red-light strip, the Cinnamon Club has taken advantage of the new law allowing all-nude dancing. What was once confined to back rooms now takes center stage, and the activities in the club's private section grow ever more depraved. Annette Sheldon is the Cinnamon Club's rising star until her body is found dumped in an alley, eyes pecked out by scavenging magpies. Homicide detective Gabe Wager and his partner pull Annette's husband in for questioning, and though they don't think he killed her, they do think he's lying about something. When a second dancer is murdered, Wager goes undercover on the strip, searching for the man with the violent fetish. The more questions he asks, though, the more he risks becoming the killer's next target.

Instant New York Times Bestseller "The Guest Book is monumental in a way that few novels dare attempt." —The Washington Post The thought-provoking new novel by New York Times bestselling author Sarah Blake A lifetime of secrets. A history untold. No. It is a simple word, uttered on a summer porch in 1936. And it will haunt Kitty Milton for the rest of her life. Kitty and her husband, Ogden, are both from families considered the backbone of the country. But this refusal will come to be Kitty's defining moment, and its consequences will ripple through the Milton family for generations. For while they summer on their island in Maine, anchored as they are to the way things have always been, the winds of change are beginning to stir. In 1959 New York City, two strangers enter the Miltons' circle. One captures the attention of Kitty's daughter, while the other makes each of them question what the family stands for. This new generation insists the times are changing. And in one night, everything does. So much so that in the present day, the third generation of Miltons doesn't have enough money to keep the island in Maine. Evie Milton's mother has just died, and as Evie digs into her mother's and grandparents' history, what she finds is a story as unsettling as it is inescapable, the story that threatens the foundation of the Milton family myth. Moving through three generations and back and forth in time, *The Guest Book* asks how we remember and what we choose to forget. It shows the untold secrets we inherit and pass on, unknowingly echoing our parents and grandparents. Sarah Blake's triumphant novel tells the story of a family and a country that buries its past in quiet, until the present calls forth a reckoning.

The Ambitious Guest (+Biographie et Bibliographie) (Glossy Cover Finish): One September night a family had gathered round their hearth, and piled it high with the driftwood of mountain streams, the dry cones of the pine, and the splintered ruins of great trees that had come crashing down the precipice. Up the chimney roared the fire, and brightened the room with its broad blaze. The faces of the father and mother had a sober gladness; the children laughed; the eldest daughter was the image of Happiness at seventeen; and the aged grandmother who sat knitting in the warmest place, was the image of Happiness grown old.

START-UP NATION addresses the trillion dollar question: How is it that Israel-- a country of 7.1 million, only 60 years old, surrounded by enemies, in a constant state of war since its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. In a world where economies as diverse as Ireland, Singapore and Dubai have tried to re-create the "Israel effect", there are entrepreneurial lessons well worth noting. As America reboots its own economy and can-do spirit, there's never been a better time to look at this remarkable and resilient nation for some impressive, surprising clues.

A REESE'S BOOK CLUB PICK THE NEW YORK TIMES BESTSELLER ONE OF THE NEW YORK TIMES BEST THRILLERS OF 2020 "I loved this book. It gave me the same waves of happiness I get from curling up with a classic Christie...The alternating points of view keep you guessing, and guessing wrong." — Alex Michaelides, #1 New York Times bestselling author of *The Silent Patient* "Evok[es] the great Agatha Christie classics...Pay close attention to seemingly throwaway details about the characters' pasts. They are all clues." -- New York Times Book Review A wedding celebration turns dark and deadly in this deliciously wicked and atmospheric thriller reminiscent of Agatha Christie from the New York Times bestselling author of *The Hunting Party*. The bride – The plus one – The best man – The wedding planner – The bridesmaid – The body On an island off the coast of Ireland, guests gather to celebrate two people joining their lives together as one. The groom: handsome and charming, a rising television star. The bride: smart and ambitious, a magazine publisher. It's a wedding for a magazine, or for a celebrity: the designer dress, the remote location, the luxe party favors, the boutique whiskey. The cell phone service may be spotty and the waves may be rough, but every detail has been expertly planned and will be expertly executed. But perfection is for plans, and people are all too human. As the champagne is popped and the festivities begin, resentments and petty jealousies begin to mingle with the reminiscences and well wishes. The groomsmen begin the drinking game from their school days. The bridesmaid not-so-accidentally ruins her dress. The bride's oldest (male) friend gives an uncomfortably caring toast. And then someone turns up dead. Who didn't wish the happy couple well? And perhaps more important, why?

Did 9/11 revive a North American guns-butter trade-off? Established in the largest administrative overhaul since World War II, the Department of Homeland Security was charged with keeping the United States safe within a wider security community, but confronted the Washington Consensus-based Western Hemisphere free trade movement, beginning with the North American Free

Trade Agreement (NAFTA) and extending to the Central American Free Trade Agreement (CAFTA) in 2003, to materialize a Free Trade Area of the Americas (FTAA) compact. Whether 9/11 restrictions impeded these trade-related thrusts or not, embracing neoliberalism permitted Canada and Mexico to pursue their own initiatives, such as proposing free-trade to the US—Canada in 1985, Mexico in 1990, but, as during the Cold War, security imperatives ultimately prevailed. This work investigates Canada's and Mexico's Department of Homeland Security responses through three bilateral studies of policy responses along comparative lines, case studies of security and intelligence apparatuses in each of the three countries, and a post-9/11 trilateral assessment. Ultimately, they raise a broader and more critical North American question: Will regional economic integration continue to be trumped by security considerations, as during the Cold War era, and thereby elevate second-best outcomes, or rise above the constraints to reassert the unquenchable post-Cold War thirst for unfettered markets replete with private enterprises, liberal policies, and full-fledged competitiveness?

In late 1982 a woman was found murdered in a ditch near a village in Lower Egypt. She was not the usual victim of some family feud or a crime of honour, but a well-known personality, and the subject of parliamentary debates and vitriolic attacks in the media. A formidable, if slightly arrogant, Turkish lawyer, she had been pursuing a ruthless campaign to acquire vast stretches of agricultural and urban land that had been turned into Islamic trusts centuries earlier by the Ottoman ruling class and were later dissolved by President Nasser. Thousands of Egyptians with genuine or alleged Turkish ancestors were lured into a scheme to get rich by cannibalising the age-old family trusts. Yet there were others with different motives—they wanted to get rid of a troublesome foreigner who in their view was abusing the law and had become a danger to society. The fictitious plot unfolds against the real social and legal background of Egypt in the 1980s with the property campaign at its peak. This is a historical novel that will appeal to those who love a good detective story as well as to anyone interested in the Middle East, its history and its present.
